General Film Permit Conditions

1. Production company must have a finalized copy of the film permit, including General Film Permit Conditions and Parking Lot Guidelines on set at all times.

2. If use of Maintenance or Lifeguard personnel is required, it must be reflected on the permit and call times indicated. Lifeguards require 24-hour notice to be hired with a 4-hour minimum requirement. Maintenance also requires 24-hour notice to be hired. A County Lifeguard is required for any filming that occurs on a beach or parking lot after hours (2200-0600 hrs). There is an 8-hour minimum for all after hours filming.

3. Filming requests will be approved on a case-by-case basis.

4. Companies must cover and/or fly cables over pedestrian walkways and turf areas.

5. Filming must not interfere with Lifeguard or Maintenance activities at any time and must not interfere with scheduled beach or park activities or special events.

6. May not block public or emergency access at any time.

7. No catering or craft services allowed on pedestrian walkways or bike path.

8. No animals allowed unless prior approval from DBH, FilmL.A., and local municipal Animal Control office and is indicated on permit. All dogs must remain on leashes and off sand when not filming.

9. No driving scenes allowed on sand or turf areas.[1]

10. Tent use must be indicated on permit. No staking into parking lot. Sandbags or closed water containers must be used for anchoring items on the sand.

11. Emergency access area (marked in red) cannot be used at any time. Exceptions subject to review and approval by DBH Parking and the Fire Department/Lifeguards.

12. All water activities require a Lifeguard to be hired with a minimum of 4 hours of service.

13. Production company may be required to hire a FilmL.A. Monitor if the production or filming negatively impacts public safety or beach operations.

14. Production personnel must be assigned to power cables and/or coned off areas when posing a safety concern.

15. A safety officer must be assigned to motorized equipment when on the sand.

16. Filming and clean-up must be complete by 10:00 p.m. unless otherwise authorized by DBH.

[1] Excludes Dockweiler State Beach

NOT A PERMIT

17. No chemicals on the beach or in the water unless approved by the Director and Fire Chief.

18. Production companies must remove all trash and debris resulting from activity.

19. Playback and amplified sound must be kept to moderate levels after 10:00 p.m. so long as not to disturb nearby residents. Prior approval required from DBH and FilmL.A.[2]

20. Lifeguard towers must be indicated on permit.

21. Digging holes in the sand less than 4 feet deep must be approved by the Director and indicated on permit. Production companies must secure holes in the sand by providing trench shoring, an exclusionary zone with caution tape, staging safety personnel outside the exclusionary zone for rapid rescue, a harness and safety rigging for any person in the trench.

22. All personal motorized watercrafts and vessels must remain 300 yards from the shoreline.

23. No launching or landing of personal motorized watercrafts or vessels from beach.[3]

24. For safety purposes, flagmen are required for all heavy equipment, machinery, and vehicles that are operated on the beach, including during the loading and unloading of filming equipment on the beach.

25. Proof of insurance meeting each jurisdiction involved is required.

26. Community Surveys must be obtained from residences before filming is permitted to take place between the hours of 10 p.m. to 7:00 a.m. Survey radius will be determined by FilmL.A. based on production activity and parking.

27. Use of 4-wheel drive vehicles on the beach are approved for equipment transporting only. No joy riding in vehicles on the beach at any time. Vehicle speed is limited to 5 m.p.h. at all times.

28. In the event of flowing storm drains, film shoots with water activity may be suspended for a period up to 72 hours due to high bacteria levels in ocean waters. Production companies may also be denied access to certain areas on the beach where there is sewage or required storm drain cleanup by DBH Maintenance staff. These decisions will be made by DBH in consultation with L.A. County Lifeguards and FilmL.A.

29. If a situation arises in which the Lifeguard Captain deems unsafe, a consultation with the on-scene production manager will be conducted to determine safer alternatives. Filming will be suspended until safety measures are adopted.

PARKING GUIDELINES
FOR THE USE OF COUNTY PARKING LOTS
OPERATED BY PARKING MANAGEMENT COMPANY

1. Companies must make parking arrangements for parking in L.A. County parking lots with DBH's parking contractor prior to first film date.

2. All production companies must have prior authorization for in/out parking privileges in any L.A. County parking lot. Arrangements must be made in advance with DBH's parking contractor. Film companies paying upon entry, without prior arrangements, will not be allowed in and out privileges.

3. All production vehicles must display a parking receipt on dashboard of vehicles and must only enter lots during approved/authorized dates and times. Failure to display parking receipts on dashboard of vehicle or unauthorized entry will result in a parking citation.

4. The production company may not block public or emergency access or park vehicles in any front row adjacent to local businesses at Venice Beach at any time (see parking lot maps).

5. The production company is prohibited from parking in disabled parking spaces, short-term metered parking and from blocking any pay stations at any time (no exceptions).

6. A walkthrough is to be conducted after the production company has parked all of its vehicles. This walkthrough is to be done by the location manager (or designated representative) and a parking contractor supervisor to determine the exact number of spaces being utilized and that number is called into the parking contractor's office. The location manager must make arrangements to meet again with the parking contractor supervisor at a designated time to confirm spaces prior to vacating the parking lot and again that number is called into the parking contractor's office.

7. The production company will be invoiced for any additional spaces occupied by cast/crew members' cars, equipment vehicles and cone-off spaces.

8. Production companies wanting to use parking spaces at one of the parking contractor operated parking lots on the beach or in the Marina del Rey area must contract the parking contractor directly (310.821.1081) and speak with office management. Normal business hours are Monday through Friday, 8:00 a.m. to 5:00 p.m.

9. Parking fees are not included on film permits. A film permit number must be provided to the parking contractor and the contractor will provide the production company estimated charges for the use of the parking lot(s). Payment arrangements must be made with the parking contractor directly at least one business day prior (and before 4:00 p.m.) for the use of the parking lot(s).

10. Cancellation of a parking contract must be done at least one day prior. Refunds will be given within ten to twelve weeks.

11. A parking contract does not constitute a film permit.

12. Sign removal in L.A. County parking lots is prohibited.

NOT A PERMIT

Special Filming Conditions for Los Angeles County Beaches

ZUMA BEACH

The Special Filming Conditions described below will be included in the terms and conditions of permits issued for filming in this area and are in addition to the standard terms and conditions applicable to filming permits generally. While these Special Filming Conditions will be included as terms if a permit for filming in this area is issued, they are not intended to, and do not, establish the criteria or standards for determining whether or not a particular permit (or permits) will be issued for this area. The decision whether or not a particular permit (or permits) will be issued is vested in the discretion of the appropriate City or County department or their designees (including FilmL.A., Inc.), to be exercised consistent with public health, safety and general welfare, and applicable land-use ordinances.

These conditions have been drafted by the Los County Department of Beaches & Harbors to help facilitate filming on Los Angeles County Beaches.

- A City of Malibu permit is required in addition to the FilmL.A. still photo film permit.
- No filming at Lifeguard tower #9 due to Snowy Plover sighting.
- No parking in Lots #3 and #4, near Lifeguard Headquarters.
- All equipment must be 15 feet from pedestrian walkway.
- Must obtain prior approval from DBH to place vehicle and equipment on pedestrian walkway. Vehicles and equipment must be able to move in the event of an emergency.

General.

In order to respond to your petition for exemption under Section 333 of the FAA Modernization and Reform Act of 2012, docket number FAA-2015-5506, in the most expeditious manner, the FAA has construed your petition as an application to operate your sUAS under Title 14 Code of Federal Regulations (14 CFR) part 107 in accordance with the provisions of a Waiver. The FAA's Flight Standards Service has reviewed your application to ensure compliance with the requirements of 14 CFR § 107.200. The Administrator finds that the proposed sUAS operation can be conducted safely under the provisions of this Certificate of Waiver (Waiver) as listed below, because you have established adequate mitigations for risks involved with operating your sUAS in the manner you described. Adherence to the provisions of this Waiver establishes the required level of safety within the national airspace system.

This Waiver may be canceled at any time by the Administrator, the person authorized to grant the Waiver, or the representative designated to monitor a specific operation. As a general rule, this Waiver may be canceled when it is no longer required, there is an abuse of its provisions, or when unforeseen safety factors develop. Failure to comply with any provision listed below is a violation of the terms of this Waiver and may serve as justification for cancellation.

List of Regulations Waived by Section and Title. The following regulations are waived:

> 14 CFR § 107.29, Daylight operation, is waived to allow sUAS operations during night.

Common Provisions. The Responsible Person is directly responsible for safety of operations conducted under this Waiver and will ensure the remote Pilot in Command (PIC), manipulator of the controls, and Visual Observer (VO) complies with all provisions of this Waiver.

1. This Waiver must not be combined with any other waiver(s), authorizations(s), or exemption(s) without specific authorization from the FAA;

2. The FAA has the authority to cancel or delay any or all flight operations if the safety of persons or property on the ground or in the air, are in jeopardy or there is a violation of the terms of this Waiver;

3. Operations under this Waiver are to be conducted in Class G airspace only unless specific airspace authorization or Waiver is received from the FAA in accordance with § 107.41;

4. A copy of this Waiver must be available during sUAS operations that are the subject of this Waiver;

5. The Responsible Person listed on this Waiver must maintain a current list of pilots by name and remote pilot certificate number used in the Waiver holder's operations. This list must be presented for inspection upon request from the Administrator or an authorized representative;

NOT A PERMIT

6. The Responsible Person listed on this Waiver must maintain a current list of small unmanned aircraft (sUA) by registration number(s) used in the Waiver holder's operations. This list must be presented for inspection upon request from the Administrator or an authorized representative;

Night sUAS Operations Special Provisions. sUAS operations may be conducted at night, as defined in 14 CFR § 1.1, provided:

7. All operations under this Waiver must use one or more VO;

8. Prior to conducting operations that are the subject of this Waiver, the Responsible Person listed on the Waiver must ensure the remote PIC and VO are trained, as described in the Waiver application, to recognize and overcome visual illusions caused by darkness, and understand physiological conditions which may degrade night vision. This training must be documented and must be presented for inspection upon request from the Administrator or an authorized representative;

9. The remote PIC and VO must ensure the area of operation is sufficiently illuminated to allow both the remote PIC and VO to identify people or obstacles on the ground, or the remote PIC and VO must conduct a daytime site assessment prior to conducting operations that are the subject of this Waiver, noting any hazards or obstructions;

10. The sUA must be equipped with lighted anti-collision lighting visible from a distance of no less than 3 statute miles. The remote PIC may reduce the intensity of the anti-collision lighting if he or she determines that, because of operating conditions, it would be in the interest of safety to do so; and

11. In addition to the requirements of § 107.51(b), the sUA must not fly higher than 200 feet above any structure's immediate uppermost limit.

For U.S. citizens, permanent residents, and certain non-citizen U.S. corporations, this document constitutes a Certificate of Registration. For all others, this document represents a recognition of ownership.

Operators of unmanned aircraft must ensure they comply with the appropriate safety authority from the FAA and economic authority from the DOT. To operate as a recreational flyer, a person must meet all of the statutory conditions of the exception for limited recreational operations of unmanned aircraft (49 U.S.C. 44809). Persons who do not meet any of the statutory conditions may not operate under the statutory exception for limited recreational operations of unmanned aircraft and would need to operate the unmanned aircraft under part 107 or any other applicable FAA authority.

This Small UAS Certificate of Registration is not an authorization to conduct flight operations with an unmanned aircraft. Operations must be conducted in accordance with the applicable FAA requirements. The operator of the aircraft is responsible for knowing and understanding what those requirements are. For more information on flying for non-model purposes, please visit the FAA website at www.faa.gov/uas.
